

ROADWARRIOR™ 4D

SCAN, ORGANIZE AND SHARE FROM ANYWHERE

Scan both sides at once: contracts, receipts, photos, financial statements and more.

Organize your documents and leave the paper behind.

Share your scans and information via searchable PDF files.

USB Powered:
No AC power connection needed to use this scanner.

Perfect for the busy professional who needs a fast and reliable duplex mobile scanner.

The **Visioneer® RoadWarrior™ 4D** scans without the need of AC power because it is powered through the USB port. Now you can quickly scan, file and store all of your documents, plastic ID cards, photos, articles and brochures no matter where you are.

Don't wait until you get back to the office to organize that stack of paper in your briefcase. It's not the paper you want to keep; it's the information on the paper that you want. Once all of your papers are scanned and organized, you can easily send them and share the valuable information they contain with your team, clients or headquarters. When you scan documents into a searchable PDF format, the document image and the text on it are searchable and shareable with ease.

Compact, Portable and Powerful

The **RoadWarrior 4D** fits neatly on a desk and packs easily alongside your laptop or in a briefcase for travel. Weighing a little more than a small bottle of water, it includes robust PC and Mac TWAIN drivers, and scans cards as small as 1.5" and documents up to 8.5" (216 mm) wide and 32" (813 mm) long.

The **RoadWarrior 4D** produces clear and sharp scans of any document in color or black and white. Worried that your highlighted notes from the meeting won't scan clearly? What about the receipt that was folded in your pocket? Real world documents are never a problem for the **RoadWarrior 4D**. Visioneer driver technology enables the scanner to instantly improve the visual clarity of every scanned image. You get perfect scans from imperfect originals.

RoadWarrior 4D includes a powerful suite of bundled software designed to help you organize your documents and find the information that's on them. The bundle includes Visioneer OneTouch®, Visioneer Acuity, third party OCR and Organizer software, TWAIN™ DriverPLUS, ICA and WIA drivers.

For Mac users, **RoadWarrior 4D** includes a fully featured TWAIN driver, ICA support, and a simple yet powerful Scan Utility, allowing you to get started right out the box.

RoadWarrior™ 4D Includes These Software Solutions

Vioneer Acuity

Vioneer Acuity enables your scanner to instantly improve the visual clarity of the scan, plus auto-crop, auto-straighten and auto-rotate, all with the touch of a button.

Vioneer OneTouch®

OneTouch connects your scanner with a powerful set of settings so that with one touch the scanned document is automatically sent to email, your printer, a file folder, or to one of many cloud destinations.

Vioneer TWAIN™ DriverPLUS

DriverPLUS offers an impressive array of settings to enable precise customization of the scan – far beyond current TWAIN specifications and user experience. DriverPLUS also delivers Parallel Scanning, allowing multiple same-model scanners to be connected to a single PC and run concurrent jobs. Vioneer Acuity integration adds intelligent image enhancement and PC Optimization to enable full-speed scanning.

OCR and PDF Software

This leading, easy-to-use OCR application reduces the need of retyping and paper storage, precisely preserving the original document's layout and formatting while converting your scans into various file formats, including searchable PDF. PDF features allow you to create, convert, edit, assemble, and share PDF files. The resulting text can then be used in virtually any word processing, desktop publishing or web publishing program.

Desktop Document Organizer

To simplify managing your scans, a desktop organizer application combines the efficiency of document management with convenient access, viewing, editing and conversion of your scanned documents. Gain a new level of control and productivity in managing and sharing your scans.

Mac® Solutions

Mac TWAIN

The Mac TWAIN driver offers all of the features of Acuity Image cleanup built in. No 3rd party software needed. Blank Page Removal, Auto Color Detect, Auto Rotate are just a few of the standard features. It also includes a digital endorser to add text to your images, the ability to read barcode data (3rd party software required to interpret barcode data), and Merge 2 Sides.

Vioneer Scan Utility

If there is no scanning application on your Mac, a simple but effective scan utility is included, allowing you to take full advantage of all of the drivers' features. Simply put, set your driver preferences, select an image format (BMP, JPG, Gif, Pdf, MPdf, TIF and MTIF), choose where you want to save your images to, and start scanning.
