

PATRIOT™ P15

Advanced Desktop Scanning for the Mobile Professional

Digitize and organize your documents, photos, business cards and plastic ID cards – on the road or in the office.

- Mac® and PC compatible
- 1,000 page daily duty cycle
- Scans plastic ID cards
- Bundled Visioneer and third party software
- Kensington Security Slot
- TAA U.S. Government Compliant and Registered with EPEAT™

*Note: You will achieve higher performance by using AC power rather than USB power.

Transformation to Digital

The mobile workforce operating in today's fast-moving business world has to stay on top of it all, no matter where they are. With the Patriot™ P15, information from important business documents can be scanned into a repository and organized into searchable, editable data.

The Patriot™ P15 scanner is a powerful portable scanning solution that is perfect for use in various industries and company workflows, from legal to healthcare to insurance to finance—practically any industry. Its software package was designed to efficiently unlock that business-critical information trapped in paper documents.

The Patriot™ P15 is compatible with both PC and Mac®, and can be powered using two USB cables or a single USB cable and a wall plug (provided)*. It is enabled by TWAIN™ or ISIS® drivers, and includes a powerful software suite that delivers easy image enhancement, Optical Character Recognition (OCR), organization, and intelligent search. The redesigned Visioneer OneTouch interface is integrated with the P15

display, showing the preset details about the eight different scanner configurations on the high-resolution LCD display.

Don't be fooled by the small footprint of the compact P15. It is a powerful desktop scanner that reaches speeds of up to 20 pages per minute (40 images per minute in duplex), and has a competitive daily duty cycle of 1,000 sheets. For additional convenience, its multi-page configurable ADF can be set up so that a document fed from the front will exit from either the back or the front of the scanner.

This versatile compact scanner can handle documents up to 8.5" (216 mm) wide and 118" (2997 mm) long, and convert it to PDF, JPG or other popular file formats.

No Mac Left Behind

For Mac® OS X users, we provide the most fully featured TWAIN™ driver in the market today, ICA support, and a simple, yet powerful Scan Utility, allowing you to get started right out the box. ABBYY® Fine Reader Sprint is the OCR solution for either platform.

Patriot™ P15 Software Bundle

Visioneer® Acuity

Visioneer Acuity with DriverPLUS technology instantly improves the visual clarity of scans. Using advanced algorithms, Acuity corrects documents containing imperfections, improves the quality of scanned images for archiving, and increases OCR accuracy.

Visioneer® OneTouch®

OneTouch allows you to simply select a configuration on the scanner display and your scanned document will automatically be sent to a specified folder on your computer, or to an e-mail address, or a printer, or to one of many cloud destinations. OneTouch eliminates the need to select a file type, resolution or destination for your common scanning tasks.

ABBYY® Business Card Reader

Easily transfer contact information from scanned business cards scans into your smartphone address database. It recognizes 22 languages, and saves contact info onto your smart phone contacts, or in its own digital storage catalog.

ABBYY® Fine Reader Sprint

This easy-to-use OCR tool reduces the need of retyping and paper storage, instantly converting your scans into various file formats, including searchable PDF. It accurately reads documents in up to 179 languages and precisely preserves the original document's layout and formatting.

Visioneer TWAIN DriverPLUS

DriverPLUS offers an impressive array of settings to enable precise customization of the scan – far beyond current TWAIN specifications and user experience. DriverPLUS also delivers Parallel Scanning, allowing multiple same-model scanners to be connected to a single PC and run concurrent jobs. Visioneer Acuity integration adds intelligent image enhancement and PC Optimization to enable full-speed scanning.

TWAIN™ for Mac®

The Mac® TWAIN™ driver offers all of the features of Acuity Image cleanup built in, including Blank Page Removal, Auto Color Detect, Auto Rotate and more. It also includes a digital endorser to add text to your images, the ability to read barcode data (third party software required to interpret barcode data), and Merge two sides.

Visioneer Scan Utility for Mac

A simple but effective scan utility allows you to take full advantage of all of the driver's features. Just set your driver preferences, select an image format and file destination, and start scanning.

Patriot™ P15 Specifications

Part Number	PP15-U
ADF Scan Speed (color or B&W) (Powered by AC Power)	15 ppm / 30 ipm @ 300 dpi 20 ppm / 40 ipm @ 200 dpi
Scan Speed through front feed (Powered by AC Power)	4 seconds per page @ 300 dpi 3 seconds per page @ 200 dpi
Optical Resolution	600 dpi
Output Bit Depth	24-bit color, 8-bit grayscale, 1-bit B&W
Scanning Media Supported	Paper, plastic ID cards, photos
Imaging Sensor	CIS (contact image sensor)
Light Source	LED (light emitting diode) instant on
Scan Method	ADF or Front Feed
Interface	USB 2.0
Security	Kensington Security Slot
Certifications	ENERGY STAR, USB, RoHS, CE, CB, WEEE, Mexico Energy, FCC Class B
ADF Capacity	20 sheets
ADF Paper Thickness Range	16 - 32 lbs. (60 ~ 120 g/m ²)
Maximum Document Size	8.5" x 118" (216 x 2997 mm) @ 300 dpi
Minimum Document Size	2" x 2.25" (51 x 57 mm)
Dimensions (Trays Collapsed) (W x D x H)	11.78" x 4.1" x 2.93" (299 x 104 x 74 mm)
Daily Duty Cycle	1,000 pages
Weight	3.3 lbs (1.5 kg)

System Requirements

PC: Pentium® 4 or equivalent processor

Compatible with:

- Windows 10 Pro, Home, Enterprise and Education
- Windows 8/8.1 Pro, Core and Enterprise
- Windows 7 Pro, Home, Enterprise and Ultimate

Mac: OS X (10.9 – 10.13) with Intel® Core processor

2GB RAM

350 MB available hard disk space for the driver only (OneTouch and additional applications may require more)

DVD-ROM dual layered drive

USB port

Package Contents

Visioneer Patriot P15 Scanner

Micro USB Cable

USB Power Cable

AC Adaptor

Spare ADF pad

Rear Feed Guide

Quick Install Card

User's Manual DVD

DVDs include:
