NEWS for Immediate Release

SYNNEX Corporation Develops Document Imaging Mobile App for Visioneer Mobility Scanners on Android™ Devices

PLEASANTON, Calif., June 7, 2011 – Visioneer, Inc., a leader in intelligent document imaging solutions, and [SYNNEX Corporation](#) (NYSE: SNX), a leading distributor of IT products and services, today announced the launch of the [Visioneer Mobility app](#) for Android. The new mobile app, developed by the SYNNEX Mobile Development team, is designed to enhance users' mobile experience when using a [Visioneer Mobility scanner](#) with their Android-based smartphone or tablet. The Visioneer Mobility app also allows users to manage newly-scanned or existing PDF or JPEG files, send them via e-mail, upload them to a [Dropbox](#) folder or [Evernote](#) notebook, or delete them from the device using a simple, user-friendly interface.

“By scanning to smartphones and tablets, we are entering into a new era of scanning solutions to meet the overwhelming reality that mobile professionals no longer require a PC to be productive,” said Jim Tamo, Vice President of Distribution Sales at Visioneer, Inc. “It has been very gratifying to share the vision of this mobile app with SYNNEX and have this solution be truly channel born. With SYNNEX and Visioneer, VARs have a tremendous opportunity to be creative, build, and integrate within this new era to provide their customers new, but mainstream tangible solutions to modern mobile needs.”

“The development of this mobile app represents the great collaboration between SYNNEX and our vendor partner, Visioneer, to drive innovative solutions for our shared partners that increase business productivity through mobility,” said Peter Larocque, President of U.S. Distribution for SYNNEX Corporation.
