Xerox DocuMate Scanners Are Windows 8 Compatible

Scanner drivers passed Microsoft standards of compatibility, reliability and performance

PLEASANTON, Calif., Nov. 7, 2012 – Within days after the launch of Microsoft's new operating system, [Xerox](#) (NYSE: XRX) is pleased to announce that all drivers for its most popular [professional](#) and [consumer](#) scanners have been updated and deemed fully compatible with the new Windows 8 operating system. New and updated drivers are now available for [immediate download](#).

"We are committed to giving our customers a favorable scanner experience with full operating system compatibility and our engineering team has worked diligently to ensure that Xerox DocuMate® products are compatible with the new Windows 8 OS," said Walter Thinfen, chief information officer and vice president of support and services at Visioneer, a Xerox licensing partner.

Availability of Drivers

Windows 8 drivers for Xerox DocuMate scanners are available immediately on the [XeroxScanners.com support page](#). Driver support for other Microsoft operating systems can also be found at this website.
